

Northern Kentucky Amateur Radio Club
K4CO.ORG
is having our Annual Field Day 27-28 June 2026

OPEN TO THE PUBLIC

These events take place annually across the United States where radio operators set up in a field environment and attempt to make as many contacts with others as possible. They use off the grid power options and test their abilities to operate in the field.

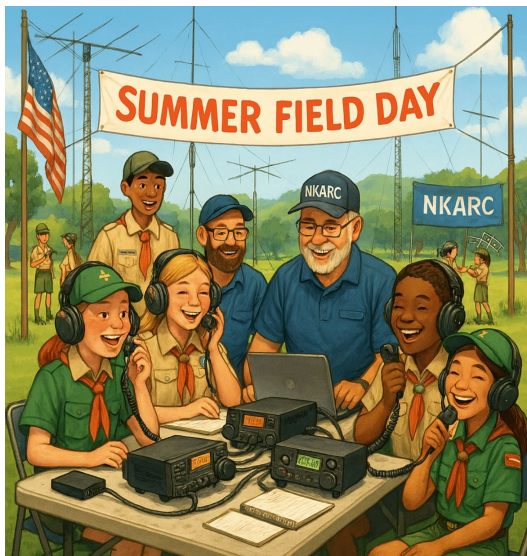

Our operators will

- Set up field stations & antennas
- Make USA & world-wide contacts
- Make contacts by voice, digital & morse code
- Practice emergency skills
- Have a station where you can get on the air

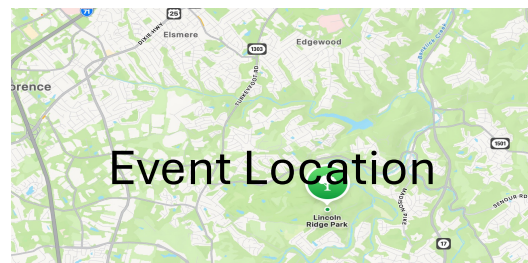

Ask about our
“GET ON THE AIR STATION”

- ❖ Antenna Field Set up starts : Sat 10AM - 1PM
- ❖ Ham Radio Operations start Sat 2 PM to Sun 10 AM

**Dan Beard Scouts & NKARC
team up for Field Day**

Lincoln Ridge Park
420 Independence Station Rd
Independence KY

If a natural or manmade disaster were to happen, Amateur Radios may be your only means of communications. All we need is a radio, antenna & 12-volt DC power to reach
“WORLD – WIDE”
